Imagine the Possibilities with **EcoStar**<sup>™</sup>  
800-211-7170 • [www.ecostar.carlisle.com](http://www.ecostar.carlisle.com)

The building featured on the front is roofed in a blend of Seneca Cedar Shake Tiles and Seneca Plum in Midnight Gray

Stone Red Blend

Earth Green Blend

Chestnut Brown Blend

Cedar Brown Blend

Mountain Plum Blend

Smoke Gray Blend

Federal Gray Blend

Midnight Gray Blend

Black Blend

Note: Sample pieces, photographs or color samples may not accurately represent the true color level or variations of color blends that will appear on the roof. Before installation, ten tiles or so should be laid out and reviewed for conformity to desired color level. If color levels are unsatisfactory, advise your dealer before proceeding with installation. Colors and specifications subject to change without notice. EcoStar is not liable for color variations or shading. Tiles must be randomly blended for best results. Limited warranties carry terms and conditions.

## Seneca Cedar Shake Tiles

Wood shakes hold a position of prominence in the premium roofing market. The manufacturing leader of premium steep-slope roofing, EcoStar®, now offers a revolutionary product with the look and feel of wood shake: Seneca Cedar Shake Tiles™. The durability, safety and rot resistance of EcoStar's leading rubber and plastics technology has resulted in the perfect formula for this true wood shake look.

Seneca is engineered to meet the need for a safe, durable alternative to wood roofing while maintaining the look of shake. Produced using some of today's strongest, most flexible recycled materials, rubber (EPDM) and plastic (TPO), Seneca emulates the exact look of wood shake, yet is durable. Seneca Shake is available in nine different colors, offering unique architectural opportunities.

Seneca Shake is manufactured at random widths of 6", 9" and 12" to create the traditional look of a wood shake roof. They are packaged in a style to make every application easy and economical. With EcoStar's commitment to using authorized applicators, home and business owners know that they will get quality craftsmanship to match the quality of Seneca Shake's 50-year warranty.

Like all EcoStar premium steep-slope roofing products, Seneca Shake offers

excellent advantages including long life (50-year warranty available), strength (Class 4 Impact Resistance), resistance to the elements (no freeze thaw problems) and flexibility (110-mph wind warranty available). The extra benefit is the availability of a Class A Fire Rating for fire safety.

The ability to offer long life, fire safety and rot resistance, while maintaining the exact look of wood shake is what makes Seneca Shake a revolutionary roofing product.

When the choice is the look of wood, look to the product that will offer beauty, durability, safety and long life. Enhance your investment with the true value of Seneca Shake. Don't take a chance with anything else.
