

Material Safety Data Sheet

SECTION 1 - Product and Company Identification

Product Name: ECOS Paints Filler
Description: Gypsum-based filler for holes and joints
Document ID: 10046 R 1.1
Document Date: 03-30-2013
Document Version: R1.1
Manufacturer: Imperial Paints
Address: PO Box 489, Fairforest, SC, 29336
Contact: 864.595.3840

SECTION 2 - Hazards Identification

Noted components appear on the California Prop 65 List

SECTION 3 - Composition/Information on Ingredients

Chemical nature: Powder.

Ingredients:

Gypsum plaster (more than 70%), limestone (more than 10%). May also contain, as part of these: perlite, fullers earth, talc (zero-asbestos), quartz, mica, polyvinyl alcohol (trace), PVA (trace).

Hazardous components: none.

VOCs/Solvents: none.

SECTION 4 - First Aid Measures

Eye contact: May cause temporary irritation.
Irrigate with water for 15 minutes holding eyelid open.
Seek medical attention if irritation persists.

Skin contact: Prolonged contact may cause dryness. Use moisturizing lotion on dry areas.
Wash thoroughly with soap and water.

Inhalation of vapor: Remove to fresh air immediately. If breathing difficulty continues, seek medical attention.

SECTION 5 - Fire Fighting Measures

Product is not combustible when wet or dry.

Material Safety Data Sheet

SECTION 6 - Accidental Release Measures

Personal protection: Refer to Section 8
Environmental precautions: Prevent excess product entering drains as it can cause blockages.
Cleaning and taking up: Spillages should be scooped into a suitable container for reuse or disposal.

SECTION 7 - Handling and Storage

Handling: No special precautions necessary. Observe good housekeeping practices.
Storage: Store cool and dry, and away from direct sunlight.

SECTION 8 - Exposure Controls/Personal Protection

Workplace parameters: none
Personal protective equipment:
 Respiratory protection: A NIOSH approved particulate respirator is recommended in poorly ventilated areas. OSHA's 29 CFR 1910.134 (Respiratory Protection Standard) must be followed whenever work conditions require respirator use.
 Eye protection: Advisory (Safety glasses or goggles).
 Skin protection: Gloves, protective clothing and/or barrier creams may be utilized if conditions warrant.
Hygiene measures; None.

SECTION 9 - Physical and Chemical Properties

Physical form: Powder
Color: White/off-white
Odor: Faint – none
Flash point: Not applicable
Vapor pressure: Not applicable
Specific Gravity: 2.4 - 2.6
Solubility in water: Insoluble
PH: 7 – 9
Flammability: Non-flammable

SECTION 10 - Stability and Reactivity

The product is stable under recommended storage conditions – see Section 7
Incompatible materials: Contact with strong acids may generate of carbon dioxide.

Material Safety Data Sheet

SECTION 11 - Toxicological Information

Long term experience of this product type indicates no danger to health when properly handled under normal conditions.

SECTION 12 - Ecological Information

Presents no ecological/environmental hazard.

SECTION 13 - Disposal Considerations

Non-hazardous waste. Dispose of according to Local, State, Federal, and Provincial Environmental Regulations.

SECTION 14 - Transport Information

The product is not classified as Dangerous for Carriage. It is:

- ✓ Non-HAZMAT
- ✓ Non-toxic
- ✓ Non-flammable

SECTION 15 - Regulatory Information

TSCA

All components comply with the TSCA regulations and are either exempt or listed therein.

California Proposition 65

Respirable crystalline silica is known to the state of California to cause cancer. If used as directed, no respirable crystalline silica is generated.

SECTION 16 - Other Information

HMIS (Hazardous Materials Identification System) Information

Health	0
Flammability	0
Physical Hazard	0
Personal Protection	A – Safety glasses recommended. (If spraying without local exhaust ventilation, it is recommended that you also wear a normal dust mask.)

Material Safety Data Sheet

Note on hazards from lead paint:

Older buildings may contain lead-based paint, which requires professional remediation if it is disturbed. If in doubt, consult with a professional from a Lead-Safe Certified Firm.
