General Explanation of Paint and Stain Finishing Costs:

1. Stain finish on wood is less expensive than a paint finish.
 - a. Natural and light color stain finishes on wood are the least expensive finish type.
 - b. Dark colored stain finishes on wood are more expensive than light colored stain finishes.
2. Paint finishes are more expensive than stain finishes.
 - a. Paint on MDF is the least expensive of the paint options.
 - b. Paint on PGM (Paint Grade Material) costs more than paint on MDF.
 - c. Paint on Maple Wood costs more than paint on MDF or PGM.
3. Light colored paint finishes cost less than dark-colored paint finishes.
